

BT lets you take your Office Anywhere

Like most business people, you probably spend a lot of time out of the office, and out of the office can mean out of touch with your business. Of course, your office can call you on the phone, but if they need to get your approval on a document, update your contacts, or check you're free for a meeting, you're effectively out of touch.

Choose **BT Office Anywhere**[†], and your business doesn't have to stop when you're on the move. It gives you the tools you need to carry on working.

Some "smart" phones are really only smart with e-mail, so you need to connect them to your PC to synchronise with your contacts and schedule. With BT Office Anywhere, if someone adds a meeting to your diary, it's there immediately. If they e-mail you a Microsoft Office file you can view it and take action straight away, with no waiting required*.

BT Office Anywhere is an advanced Windows Mobile Smartphone handset which works as a standard mobile, with competitive deals on inclusive minutes (250 and 700 minutes call packages available). But it also has Wi-Fi built in, so you can make unlimited hour long VoIP calls to UK¹ landline numbers from both the office and public Wi-Fi hotspots². You can also take advantage of capped rates on international calls of up to an hour – helping you to keep down the cost of staying in touch³.

Plus, there's an extra bonus: order BT Office Anywhere before 27 September, and your Smartphone will be **free!**⁴

4 reasons to choose BT Office Anywhere

◆ Easy to use, on the move

The BT Office Anywhere Smartphone is easy to use, and lets you view Microsoft Office files, so it integrates with your existing software. You'll also have the option of integrated email services with your existing Exchange server, or having them hosted by BT.

◆ Simplify your communications

All you need to keep in touch is one pocket-sized device. All your mobile communication charges come on one bill, including e-mail*, SMS and your mobile and VoIP calls.

◆ Keeps you up to date, fast

Calendars and other data can be updated in real time, and you can surf the web to find up-to-the-minute information such as traffic news or train timetables.

◆ Great deals on your calls

BT Office Anywhere could save you money, with great deals on mobile packages. You can make unlimited calls to UK¹ landlines at no extra charge using Mobile VoIP over Wi-Fi² – which allows significant call cost reductions to be made, particularly if you're using the service abroad.

	Price per month		
	Lite (10Mb downloads approx. 100 emails/day)	Professional (30Mb download limit approx. 200 emails/day)	Unlimited downloads
BT Office Anywhere with 250 inclusive minutes	£36.50	£44	£51.50
BT Office Anywhere with 700 inclusive minutes	£57.50	£65	£72.50

[†]24 month minimum term applies to any BT Office Anywhere tariff.* Email facility hosted by BT is optional for an additional cost of £3 per month or £3.50 with BT Office Anywhere 700 Professional. If you do not want BT to host your email you will need Microsoft Exchange 2003 SP2. 1. Applies to calls over the internet of up to an hour to numbers beginning 01 and 02, excluding the Channel Islands. 2. With BT Business/Home Hub or BT Openzone Wi-Fi hotspots. Access charges apply in other Wi-Fi locations. After one hour, charges apply. Once the total number of capped calls from any one line to a single number exceeds an average of 4 hours per day in any calendar month charges apply. Conditions and abuse policy apply. 3. See www.btbroadbandoffice.com for the capped rates to each country. Set up fees apply. 4. Free handset offer applies to orders made before 27 September 2007.
